

COMfortel® M-720

The elegant one: compact, well-designed, and powerful

- Modern design – large 2.4" TFT-colour display with modern user interface
- Profiles for meeting, noisy environments and personal preferences
- Searchable local phonebook with up to 500 vCards and corporate phonebook via PBX (XML, LDAP)
- PIN-protected keylock for optimum line security
- Scratch and disinfectant resistant

Your advantages in detail

The COMfortel M-720 handset convinces not only with its elegant exterior and slim design but even more due to its outstanding productivity. The handset is loaded with business features enriched with Bluetooth®, audio profiles and vibration alarm for specific situations. This makes it easy to adapt to your individual needs in every situation. An optimal use in meetings or on the other side noisy environments is guaranteed.

Thanks to the Micro-USB port and the 3.5 mm jack the coupling with external devices is simple. Future software updates can be made with no trouble. The large 2.4" display and the modern user interface simplify the daily communication and increase the productivity of the employees enormously. The best, with its 15 hours talk time it can cope even with really heavy workload. The high-quality Polymer surface makes it scratch and disinfectant resistant. This makes it useable for a multifold of applications.

Features at a glance
