Your advantages in detail

When working outdoors or in dusty, wet and other harsh locations, the COMfortel M-730 is the perfect choice. Due to its protection class IP65 and the robust housing this handset is ideally suitable for rough all day business use. Even better now: The new COMfortel M-730 resistant to disinfectants. A long talk and standby time, seamless roaming with handover in multicell environments allow to make phone calls not only at your workplace – all day long.

Additionally, the COMfortel M-730 now offers a Micro-USB connection, a 3.5 mm cinch and Bluetooth® for versatile connection possibilities. The new integrated alarm button gives security in dangerous work areas. For alarms special tones, messages and even the location can be sent or received. It comes with a belt clip so that it can be easily taken anywhere. For a specially bustling work environments we offer the Professional Belt Clip which guarantees perfect hold.

An optimised now bigger display brings improved usability and enhances not only the readability but the productivity of the workers. Thanks to easy and audible buttons this handset can be operated with gloves or other protective equipment. A perfect companion e.g. in workshops or factories.
